

The Yard

Channybearup, Riversdale, Justin, Acacia—within each of these vineyards is The Yard: the place where we break ground in single vineyard wines.

The magic of wine is its ability to express provenance. This is why, for us, making wine means growing grapes.

It's much harder to improve the vineyard than it is to employ a change in winemaking technique. From the big things like travelling the world in the hunt for grape clones which we believe would be well suited to our vineyard sites, to the little things like dropping the height of the cane from 1.2m to 400mm, every step counts.

We don't use herbicides. We employ fish and seaweed application. We make our own compost to support the whole vineyard biology. It's not just about better water retention, but about healthy soils with good microbial activity. It's a whole ecosystem thinking to make healthier, disease-resistant vines. Continuous within The Yard is our work to translate and transmit terroir.

The wines made here offer a first look into the future of the Cherubino tier range.

2023 Acacia Shiraz

THE VINTAGE:

In the Frankland River region, good winter rains and low to moderate crops resulted in slower ripening times, producing wines with spicy flavours in Shiraz and deep complex characters in Bordeaux varietals. The whites, particularly Riesling and Fiano, were of exceptional quality with a rating of 8/10. The reds, with a rating of 9/10, were highlight of the vintage with excellent structure, depth and aging potential.

THE WINEMAKING:

Fruit was handpicked and sorted. Fermentation was carried out in small lot fermenters. Fruit was macerated for four weeks, the wine was then matured in new and one year old oak for six months.

THE WINE:

An inky, deep auburn wine. Brooding and full of black fruits, black pepper and toasted spice flavours. A juicy shiraz, with soft tannins, long and silky soft palate. Spice and black pepper are carried through the light French oak with the ripe fruits.

Vineyard	Acacia
Year Planted	1997
Location	Frankland River, WA
Vines per Hectare	1350
Irrigation	Yes
Clone/s	Unknown
Rootstock	Own
Aspect	Northern
Soils	Lateritic

Origin	Frankland River, WA
Variety	Shiraz
Picking date	April 2023
Sugar at picking	13.7 °Baume
Alcohol	14.2%
pH	3.53
Total acidity	6.10 g/L
Residual sugar	0.5 g/L
Bottled	May 2024
Cellaring Potential	15+ years

Vegan	N/A
Vegetarian	N/A
Organic	N/A
Biodynamic	N/A
Allergens	Low Sulphites
